delivered by TeleDentistry.com

We give you another reason to smile! Members of Delta Dental of Virginia have 24/7/365 access to a dentist through Delta Dental — Virtual Visits when your dentist is not available.*

It's safe.

Teledentistry is a safe and effective way to receive care and avoid the emergency room. You can use Delta Dental — Virtual Visits when you:

- have a dental emergency and do not have a dentist,
- need access to a dentist after hours,
- or need to consult a dentist without leaving home or while traveling.

The teledentistry service is included in your existing dental plan* and counts as an oral examination.

Follow these steps to get started

- Step 1:** Visit [DeltaDentalVA.com](https://www.DeltaDentalVA.com) and click on Delta Dental — Virtual Visits to create an online account.
- Step 2:** Fill out required online forms.
- Step 3:** Take photos of the problem area.
- Step 4:** Connect with a TeleDentistry.com dentist and begin your consultation.

It's easy.

You can conveniently access the teledentistry service by a smartphone, tablet or computer with audiovisual capabilities. Or you may call a dedicated phone number at **866-256-2101**.

TeleDentistry.com dentists provide the initial consultation and can write prescriptions** when appropriate. Members will then be referred to a Delta Dental network dentist for further diagnosis and treatment.

After the initial consultation

The TeleDentistry.com dentist will email consultation notes to your Delta Dental network dentist for further treatment. If you have not established care with a Delta Dental dentist, TeleDentistry.com will refer you to an in-network dentist.
