Delta Dental PPO™ — EPO Plan Design

Delta Dental PPO — EPO Plan Design is a fixed copay-style plan that uses our PPO network exclusively. One of the benefits of a copay-style plan is that members will know their cost before they see the dentist.

Plan Highlights

- Includes dozens of “no cost” procedures, making it easy on you when you need dental care.
- The Delta Dental PPO — EPO Plan Design makes accessing care simple. You will not need to select a primary provider, nor will you need a referral to see a specialist.
- You’ll have an abundance of choice thanks to a growing network of thoroughly-credentialed PPO dentists.
- Best of all, you’ll know your cost before you see your dentist — so there are no surprises.

Find a dentist in your plan

To ensure that your dental services are covered and that you receive the greatest value for your dental benefits, it is important that your dentist participates in the plan listed at the top of your Delta Dental ID card. Check with your dentist to be sure they participate in the plan indicated here before your first dental visit. If you do not have a dentist and wish to find an in-network dentist, visit DeltaDentalVA.com to use our Find a Dentist tool.
